

Surgical Robotics and Innovation Summit 2024

Abstract Guidelines

Please note: all entries must be received via the online REDCap submission portal. Emailed submissions will not be accepted or judged.

Title of Abstract	The title of your abstract must be 30 words or less but does not contribute to the overall word count in the body of the abstract.
Author Information	List each author using their first name, last name, affiliation and email. Do not identify author's degree or professional title (Prof, Dr, MD, etc.). Each author should have contributed to the work submitted.
Body	<p>The body of the abstract should not exceed 300 words and requires the following content:</p> <ul style="list-style-type: none"> • Introduction: a maximum of three sentences stating the study background, which should include the hypothesis/objectives. • Methods: a brief statement of methods used. • Results: a summary of the results, including statistical findings. It is not satisfactory to state "results will be discussed" or "data will be presented." • Conclusions: a statement of conclusions reached, their relevance to practice, and their significance. <p>Further requirements for the body of the text are:</p> <ul style="list-style-type: none"> • A maximum of 2 images of tables/graphs can be uploaded and will not be considered as part of the word count. We will not consider uploads that exceed the amount of tables and graphs allowed (optional). • Use numbers to indicate values (2 instead of "two"). • Standard abbreviations may only be used after the full term has been included followed by the abbreviation in brackets. • Use generic drug names. • Do not identify authors or institutions in the text. • Avoid the use of references unless necessary. References will contribute to the word limit and should have the full reference/s listed at the end of the abstract.

The closing date for all abstract submissions is **11:59pm Sunday 31 March 2024**. If you experience any difficulties submitting your work please contact the SRIS team for assistance.
